INTRODUCTION

WHAT IS A CODE OF CONDUCT?

A code of conduct is a set of guidelines agreed upon by a group of people, to govern how they should behave in their close relationship one with the other. In the school environment a code of conduct sets out the rights and responsibilities of educators, learners and parents and states how they should treat each other. In order for a code of conduct to be effective, those who are expected to follow it, must be party to its terms and support the code.

THE CULTURE AND ETHOS OF THE SCHOOL

The culture and ethos of a school is determined by the community that it serves. Should the nature and composition of the community change, so would the culture and ethos of the school. The culture and ethos of Kloof Junior Primary School can be regarded as a Christian based, family orientated one, upholding those values and beliefs. Every effort has been made to reflect these values in the school ethos.

SCHOOL RULES AND DISCIPLINARY PROCEDURES

The school rules are a practical implementation of these values and are designed to ensure that our purpose to educate, learn and develop to the fullest extent can be most effectively satisfied. They take into account the rights and responsibilities of all and ensure that all who are involved in the educative process are fairly and justly treated in a secure and caring environment. To achieve this, they need to be upheld by learners, educators and parents in a spirit of co-operation and shared responsibility.

In order to ensure the greatest benefit for all, it is necessary to provide for the enforcement of these rules, and the procedure for doing so.

CULTURE AND ETHOS OF THE SCHOOL

COMMITMENT

DISCIPLINARY PROCEDURES

Following the introduction of a Bill of Rights, the inclusion of Chapter 3 on Fundamental Rights in the Acts of the Republic of South Africa (Act 200 of 1993) and consequent changes affecting various forms of punishment in schools (e.g. corporal punishment), it has become necessary to implement a "Disciplinary Procedure". These procedures will serve as guidelines to learners, parents and educators, but the implementation of these steps will depend on the nature and severity of each transgression.

The procedures listed below should be viewed in the context of the School's

- Code of Conduct
- School Rules and
- Relevant school policies

ORDER OF PROCEDURE:

1. 3 Verbal reprimands.
2. The child will be isolated and parent will be informed.
3. After 3 isolations the Departmental Head or Principal will request an interview with the child's parents.
4. During the interview the parents will be asked to take corrective measures with their child to support the school's policy.
5. Suspension from school by Principal and Governing Body with letter to parents and Head of Education may follow.

All cases of suspension and possible expulsion will be dealt with by the Governing Body Disciplinary Committee (Principal, Chairman of Governing Body, Educator, and the Head of Education). The parents may appeal to the Disciplinary Committee (Board of Appeal) who may reconsider the case. The Disciplinary Committee's decision in this regard will be forwarded to the regional Head of Education for a final decision

It must be clearly understood that within this process every effort will be made to establish the reason for the transgression/deviant behaviour. These steps may include consultation with Child Welfare organisations and School Psychologists.
